Hello All.

Thank you so much, for attending the **Google Photos Workshop**. In case you were not able to save the chat or you may have missed the workshop, attached is the handout. If you have any user questions about your technology, apps or software, the Senior Planet National Hotline number is **920-666-1959**. It is open M-F, 9a-5p (Eastern Time).

This email is organized slightly differently than my usual post event emails. Since there were such specific questions about Google Photo features and issues that weren't covered in the workshop to follow up on, the first section of this email titled **Q&A Links** has links to address those.

The second section titled **Google Photos: Issues with Deleting Photos** has links to guides that hopefully will help people avoid issues deleting photos or dealing with duplicates when using Google Photos.

The third section of this email contains the usual Senior Planet links to items such as the survey, membership and other Senior Planet Colorado information.

Thank you, for your patience with my delay in getting this email out to you.

Q&A Links

Google Photos Overview

The [Beginner's Guide to Google Photos](#) (article) from Android Authority provides an introductory overview to Google Photos* and its features. It highlights:

- Difference between Google Photo quality storage options (in answer to questions about High Quality vs Original Quality and free storage)
- Google Photo Assistant and Google Albums (in answer to questions about organizing and arranging photos)
- Sharing photo options (in answer to questions about sharing photos between different devices)
- Has links to information on newer Google Photo features such as Live Albums, swipe for photo details, new Movie categories and Color Pop.

[How to use Google Photos in 2020](#) (video) from 6 Months Later Reviews YouTube channel, provides a more expansive introductory overview (with some how-to visuals) to Google Photos and features.

[30 Tricks to Master Google Photos](#) (article) from PC Magazine provides a robust guide to using Google Photos and includes good information on using Lens (in answer to questions about Lens).

Google Photos: Issues with Deleting Photos

[How to Delete Photos from Google Photos but Not from Phone](#) (article) from Guiding Tech provides an in-depth guide to best practices when deleting photos.

[How to Delete Photos from Google Photos](#) (article) from FonePaw with tips addressing the 4 main photo deleting scenarios that a person may want to do such as deleting duplicate photos.

[What Happens When You Uninstall Google Photos App](#) (article) from Guiding Tech provides an in-depth guide to best practices to prevent losing photos when deleting the app.

SENIOR PLANET COLORADO GENERAL INFORMATION LINKS

Membership:

Senior Planet needs you to be counted as a member to continue with Senior Planet free programming. All you need is to be age 60+ and complete this form https://oats.co1.qualtrics.com/jfe/form/SV_9BPRAcTb6S2vVdP When you are counted as a member of Senior Planet this informs our funders that we are serving increasing numbers of older adults.

*If you are already a member of any of the Senior Planet locations (NYC, North Country, NY, Montgomery County, MD, San Antonio, TX, Palo Alto, CA, Colorado) you do not have to do anything - the Senior Planet database contains all locations

Feedback:

Each time there is a program and you feel the need to state your positive or negative feedback we would love to hear from you through this survey link https://oats.co1.qualtrics.com/jfe/form/SV_9BPRAcTb6S2vVdP

Want the Colorado Weekly Schedule? (Or any other Senior Planet location)

Sign up for the Colorado weekly newsletter <https://seniorplanet.org/get-involved/newsletters/>

Cheers! (and thank you)
