Subject: Follow Up - L&L Sep 18 Then and Now Voting Technology
To:

Hello All.

Recording: N/A at this time**Handout:** Attached to this email**As requested:**

- Link to article about annual voting machine hacking session at Defcon - by Lily Hay Newman/Security 08.09.2019 09:16 PM [Hackers Take on Darpa's \\$10 Million Voting Machine](#)
- Scientific American article explaining a person could lose their fingerprints - by Katherine Harmon on May 29, 2009 [Can You Lose Your Fingerprints?](#)
- [Electronic Poll Books](#) - info from the NCSL website
- [Find your Secretary of State](#) search on the NASS website, scroll down to the search field

As suggested:

- Unfortunately, I didn't get this email organized and out in time for people to check out Stacey Abrams presentation as suggested, but here is the link to the organizations the co-sponsored her talk - The [Brooklyn Historical event calendar](#) page and the [Ms. Foundation for Women's event calendar](#)
- [Hacking Democracy](#) documentary - found a full version for free on [YouTube](#)
- From Deirdre Lee - Sr Planet [Countable](#) (app) website page, note they've changed their name to Causes
 - <https://seniorplanet.org/event/contacting-your-lawmakers-10/>

Feedback:

Each time there is a program and you feel the need to state your positive or negative feedback we would love to hear from you through this survey link https://oats.co1.qualtrics.com/jfe/form/SV_9BPRAcTb6S2vVdP
